ISO 9001

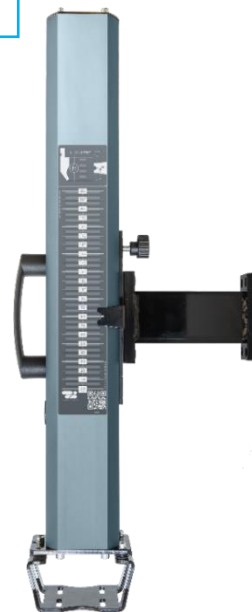

Safety Kit for Synchronized Press Brakes

1.

1. Safety Device Multi Beam Laser System DSP AP Nuova Elettronica
2. Support Brackets available in different versions
3. Safety PLC MCS Nuova Elettronica
4. External Pedal Unit with:
 - emergency control
 - option one or two operators
 - double safety pedal on unit 1 and 2

2.

4.

Kit Fast Bend Synchro is a kit for retrofitting that upgrades your press brake **without reducing its original performance.**

3.

The Kit upgrades **only the safety** of your press brake, but it covers all the aspect: mechanical and electronic.

A certified retrofitting is the best solution if you want safety and performance, but with a significant cost savings compared to buying a new press brake.
